

Even When

CHRIS MARTIN

G Bm D Em

VERSE 1:

G D A Em
I am weak, but you're aware, and you are watching
G D A Em
I'm following, though it may hurt, though storms are coming
G D A Em
Your divine care, it never breaks, through raging waters
G D A Em
The wind and waves, are spilling in, yet still I say

CHORUS:

G D Bm A
I'll worship you, even when the storm hits, even when the ground splits
G Bm D A
I'll worship you, when all I have is taken, when all I am is broken
G Bm A Em
I'll worship you

VERSE 2:

I'm bleeding out, it's scarlet red, and self inflicted
You tend my wounds, with your own blood, and make me better
I'm in the care of your two hands, it might be painful
Convict my heart, cut out the bad, throw it away

BRIDGE:

G A
It's getting harder
Bm
I'm sinking deeper
D
I need you closer
